

In governing on behalf of the Northview Public Schools, members of the Board of Education will honor the foundational values of ethical behavior, teamwork, leadership of the highest caliber, and the fervent pursuit of excellence in all aspects of service. More specifically:

1.2.1

We practice ethical behavior in our governance and relationships with each other.

1.2.2

We vigilantly safeguard our mission in pursuit of the articulated desired ends of the Northview Public Schools.

1.2.3

After board decisions are made – regardless of individual perspectives, the board will speak with one voice, only.

1.2.4

We practice shared responsibility and commitment by engaging in on-going dialog and by seeking group consensus.

1.2.5

As board members, we are servant leaders responsible for engaging our parents, students, residents and others in the process of supporting a learning environment for our community.

1.2.6

Our decision-making is made with an eye toward the impact of our decisions on all stakeholders, especially our students who are the primary beneficiaries of our learning environment.

1.2.7

We value the myriad talents, ideas and contributions of each board member and the Superintendent.
