Identity and Qualifications of Provider:

For over 25 years, the International Center for Leadership in Education (ICLE) has empowered leaders and teachers to implement innovative and effective practices, driven by the belief that educational success depends on instructional excellence—rooted in rigor, relevance, and relationships.

ICLE’s expansive team of education thought leaders and expert coaches works with educators of all degrees of experience and points in career to build a strong culture around rigorous learning, and to ensure student success in career, college, and life.
