

April 20, 2020

Hello Northview families,

Below is your Monday update for the week of April 20, 2020

May 5 Bond Election

Northview has an important bond that will appear on the May 5 ballot. Today, April 20, is the last day for residents to register online to vote for the May 5 election. If you aren't yet registered, you may do so [here](#). Anyone who registers to vote online will automatically receive an absentee ballot.

For information about the bond, please visit our bond website: <http://nvps.net/bond/> or watch our short (less than 5 minutes) bond video: [Link to Bond Video](#)

We Celebrate Our Seniors

We miss every single one of our Northview students during this school closure and know that many of them are also disappointed in the canceled events, postponed celebrations and memories that will be on hold until we return to our buildings. We also know that the school closure is particularly disappointing for our class of graduating seniors. While no decisions have yet been made regarding graduation, prom, etc., we do know that these students will not have a traditional end to their high school career. We want them to know that we are proud of them and excited for all that is to come. Please watch this short, celebratory video, made by one of our senior students, Tanner Hamilton: [SENIORS, THIS IS FOR YOU!](#)

Learn from Home Plan - Phase 2

Today marks the day of our first full week of Phase 2 learning. If you and your student haven't joined in yet, please check it out! All templates can be accessed on our [Learn from Home](#) (LFH) webpage.

Phase 2 is primarily an online program. If your student needs a device, please request a Chromebook on the [Student Device Request Form](#). In addition, if you have challenges with internet connectivity in your home, please complete the [Internet Connectivity Form](#) to let us know. We would like to help your student get connected!

Free and Reduced Lunch Application

We are aware that many families may be experiencing a reduction or loss of income due to the closures affecting all of us. Please know that we can continue to accept applications for free and reduced-price meals during the school closure. You can apply online at: www.lunchapp.com. Although breakfast and lunch are not available daily at school, there are many more benefits that are available for families based on free and/or reduced meal status. In addition, the district's ability to provide lunches throughout the summer months is also based on free and reduced meal applications. I encourage you to apply if your family situation has changed due to loss of income.

Parent/Guardian Access to School Buildings

Due to the extension of the Governor's Stay Home, Stay Safe Order, we will be limiting the retrieval of items to those belongings that are deemed essential. *Essential items are defined as necessary technology, prescription medication/medical equipment, eyeglasses, retainers, and musical instruments.* To request an item, please complete the [Essential Item Request Form](#).

We hope that your family continues to be well during this time.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Korpak".

Dr. Scott Korpak
