

Hello Northview families,

Below is your Monday update for the week of June 1, 2020.

Learn from Home

The last day of school is Friday, June 5. Please continue refer to our Learn from Home webpage for exciting summer learning opportunities.

School Re-entry Survey

The COVID-19 pandemic is an unprecedented moment in our history for students and families. Almost overnight, Northview Public Schools had to revamp how we deliver our teaching and learning.

The purpose of this survey with all of our Northview families is to understand how to best serve our students moving forward as we consider how school should re-open on August 25. Each of the 20 local school districts in Kent County is also conducting this same survey.

Please fill out the survey for **ONLY ONE** child attending our district. If you would like to complete the survey for any of your other children, you may do so by completing the survey again. Please note that your responses will remain anonymous and confidential, with survey findings reported only in aggregate. You may **SKIP** any question you do not wish to answer.

The survey should take no more than 5 to 10 minutes to complete. Please reply by June 10. Thank you for sharing your thoughts and opinions with us.

Food Service Update

Curbside meal distribution will continue in its current format until June 30. To-go breakfast and lunch is available each Tuesday and Thursday from 11:30AM-12:30PM at Northview High School. There will be no food distribution on July 2. Please stay tuned for updated information for meal distribution starting on July 7.

Thank You

Our Mission Statement: *Northview Public Schools and its community develop literate, creative problem solvers who are respectful, productive members of society ready for continued learning.*

While technically separate, Northview Public Schools and the Northview community represent one group of people. This connectedness is a strength, and it is visible in our schools and in the Northview community. Having this connection created the ability to make our way through these past several weeks of “Learn from Home.” To our community - families and residents - we want to say, “thank you.” Thank you for your patience, kindness and for working with us through the numerous challenges we have faced since COVID-19 ended our normal school routine. It has not been easy, but we know that in our partnership we did the best we could to support the continuation of student learning.

We don’t know what school will look like when we start the 20-21 school year on August 25. However, we do know that we will be prepared for the challenge, and that we can be confident in saying so, because WE will do it together.

Our communications to families will continue throughout the summer to ensure that you are provided the latest information on preparations for the 2020-21 school year.

Again, thank you for being there for us and making Learn from Home work.

Sincerely,

Dr. Scott Korpak
Superintendent
