

Hello Northview families,

Below is your Monday update for the week of June 8, 2020.

Learn from Home - Summer Edition

We will be updating our current LFH webpage to have a fresh look for summer! Check back on June 15 for new summer learning opportunities for families that are optional and age-specific.

School Re-entry Survey

If you have not already done so, please complete the: [School Re-entry Parent Survey Spring 2020](#). The survey should take no more than 5 to 10 minutes to complete. *Please complete by Wednesday, June 10.* Thank you for sharing your thoughts and opinions with us.

Joint Superintendent Equity Statement

Northview Public Schools stands for the equitable and fair treatment of students and families of color, and we will not tolerate racist or hateful behavior within our school district. We are also united with the movement to highlight persistent racism within laws, policies and actions. We *will* be part of the solution because, Black Lives Matter. Please see the following joint statement signed by all Kent County Superintendents, including myself: [KISA Statement](#).

Northview Campus and Playgrounds Open

As of June 2, 2020, with the new Executive Order, and with increased knowledge about Coronavirus, schools are no longer encouraged to limit access to playground equipment. While it still is true that the Coronavirus can live for hours on surfaces, there is no evidence of transmission of disease from playground equipment. We do not want to limit healthy activities of our residents, such as playing in playgrounds, if in fact it does not produce a significant risk. Therefore, all playgrounds and athletic areas are now open for our community to enjoy.

Summer Camps and Youth Athletics

Based on recent guidance, our Community Education and Youth Athletic Departments are preparing summer opportunities for your student! Please watch your email for program offerings or check the [Northview Community webpage](#) on our website for the latest information.

Our Monday communication to families will continue throughout the summer to ensure that you are provided the latest information on preparations for the 2020-21 school year.

Thank you and enjoy the summer weather!

Sincerely,

Dr. Scott Korpak, Superintendent
