Board of Education Recognition Month

Did you know that in Michigan there are approximately 550 public school districts that serve nearly 1.5 million students? All of these districts are governed by elected officials who serve on a VOLUNTEER basis. The month of January provides an opportunity for us to acknowledge and thank these community members that comprise school boards around the country. This month is School Board Recognition Month. In Northview, we are incredibly grateful for our dedicated team of volunteer board members. They are committed to Northview's success, and confident in our staff to get the job done. There are some changes to our Northview Board of Education team. This year, we welcome Matt Nibbelink to the Board. Mr. Nibbelink has several children in the district and is looking forward to his first year on the Board of Education. Linda LaBerteaux was elected as the new Northview Public Schools Board President. We are grateful for Doug LaFleur's past leadership as our board president, and are enthusiastic and looking forward to Ms. LaBerteaux now serving in this role. Our full team of Board Members are as follows: Linda LaBerteaux, Renee Montgomery, Liz Ensing, Teresa Ramirez, Doug LaFleur, Michelle Gallery, and Matt Nibbelink. Want to know more about what a school board does? Here is a short article that outlines rolls and responsibilities: [The Role of the School Board](#).

Sincerely,

Dr. Scott Korpak
