

**Our best. Your best.**

Below is your Monday update for the week of February 15, 2021.

### **Survey Week**

This week we are sharing out several surveys to gather feedback from staff, students and families. This feedback will provide us with both a review of the work that we've done this year and also provide important perception data as we begin our planning for this summer and next school year. COVID-19 has presented us with many challenges and opportunities. Some of what we have learned, we'd like to retire as quickly as possible. There are other aspects that we may like to keep, or maintain with adjustments.

Below is the family survey. It is short, voluntary and anonymous. The survey will be open for approximately ONE WEEK (closes on Tuesday, February 23 @ 5pm). Thank you for your participation.

Below is the student survey. This survey is intended for students in grades **4-12**. It is short, voluntary and anonymous. [Student Feedback Form](#)

### **Reminder: Grades 7-12 School Schedule Update**

Beginning February 22 for students in grades 7-8, and beginning March 1 for students in grades 9-12, all students who participate in our red/white cohorts will begin attending school in-person four days per week (Monday, Tuesday, Thursday and Friday). Daily schedules, including start and end times, class periods, etc. will remain the same and Wednesdays will remain a virtual learning day for *all* Northview students. Please contact your building principal with any questions or concerns.

### **District Annual Education Report (AER)**

We are pleased to present you with the [Annual Education Report](#) (AER) which provides key information on educational progress for Northview Public Schools. The AER addresses the complex reporting information required by federal and some requirements of state laws.

Sincerely,

Dr. Scott Korpak, Superintendent
